

Jointly presented by

The Hong Kong Aviation Club and The Far East Flying & Technical School

Private Pilot License Ground Theory Subject Course

(Course no. PPL 27 [2] in 2017)

Aim of Course

To provide the ground theory training for the Private Pilot License based on recognized syllabus by the Hong Kong Civil Aviation Department. The course is designed for students whose goal is to become a pilot or to have exposure to the General Aviation.

Eligibility

The course is opened to the general public in Hong Kong. As the course will be conducted in English, a good command on both written and spoken English is expected.

Learner Outcomes

The program has been designed so that you will gain:

- An overview of private flying in General Aviation;
- Knowledge and foundation designated by the Hong Kong CAD flying training requirements;
- A network of local pilots with the opportunity to meet your other aviation enthusiasts;
- Instruction and advice from Hong Kong CAD authorized instructors in the field;
- A Hong Kong Aviation Club Certificate in Ground Course (minimum 70% attendance required).
